

INTEGRATED WEB-BASED BOOKING SYSTEM WITH AI-POWERED GUEST ASSISTANCE AND PROACTIVE CYBER DEFENSE ARCHITECTURE

Built for **PT Beringin Maju Nusantara** - Eva Group Hotel

Modern guest booking portal

React, Vite and Tailwind CSS deliver a fast, responsive site with a real-time booking engine, gallery and property pages.

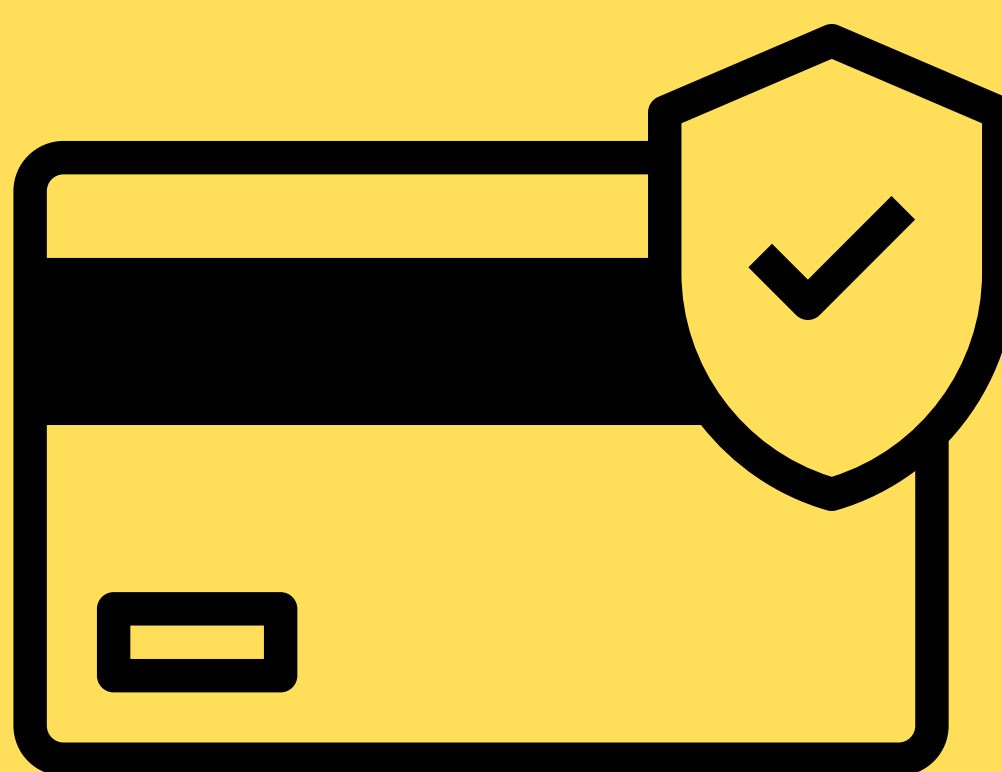

AI-powered guest assistance

A virtual concierge powered by the Groq API, running the latest Llama model, answers guest questions 24/7 with fast inference.

Proactive cyber defense — Wazuh SIEM & Cloudflare

Cloudflare WAF and DDoS protection at the edge, unified with Wazuh SIEM for real-time threat detection, file integrity monitoring and automated IP blocking, with instant Telegram alerts.

Secure payments and auto confirmation

Integrated payment gateway plus automatic email confirmation, so guests get instant, staff-free booking confirmation.
